

Application for Admission to a Master-Level Course in Advance (Master-Vorzugsleistung)

Name: First Name:

Matriculation No.

KIT-Mail-Address:@student.kit.edu

I hereby apply for approval of the following examination in the Master advance module of the Bachelor's program in Mechanical Engineering International (MEI). I meet the requirements for taking Master-level courses in advance and have earned at least 120 ECTS credits in my Bachelor's program. I attach a current transcript of records to this application.

Signature Date

Number and Title of the Brick	ECTS	Examiner	Institute	Department

The academic achievement will be recorded in the module as defined by the examiner (with or without a grade).

The brick will be permanently entered into the study plan by the Examination Office and cannot be removed by students.

Please send the completed form to the Examination Office of the Department of Mechanical Engineering or via email to: campus@mach.kit.edu
Only emails sent from your official KIT student email address will be processed.

1. For Internal Use Only – Entry by Examination Office MACH / MEI
